Excelon Practical Protection Dog Training Program (PPD)

Obedience, socialization and protection for everyday life. Has 4 training levels: foundation, level 1, level 2 and level 3. Each buildup training level is 12 weeks. For naturally protective dogs that can do off leash obedience and control work. Includes handling and training for you.

Excelon Family Pet Dog Training Program

Omit protection training profile. All the same obedience and social training exercises as the PPD program. Has 4 training levels: foundation, level 1, level 2 and level 3. Each buildup training level is 12 weeks. Build off leash obedience and socialization for everyday life. Includes control work and handler training.

Are you training Excelon Socialization Type A and B?

Yes \_\_\_\_\_. No\_\_\_\_\_.

Just type A \_\_\_\_\_.

The programs and the target training exercises are posted on our website so you can familiarize yourself.

We know what they are and expect you to know what you are working on with your dog each week.
